## **Religious School Registration (Continued)**

**Cost of learning materials such as textbooks, workbooks and learning packets to be used in class and to be retained by student\*:**

- 1. Gani (kindergarten/first grade)** - Depending upon when your child begins enrollment, the cost will somewhere between \$75.00 to \$150.00 at the start of enrollment. If your child begins with kindergarten, there is no further cost for learning materials when he or she begins first grade. The range in cost provides flexibility for the school to choose alternative materials. These publications are used for the kindergarten grade through the second grade, with the contained material gradually covered over the course of the three grades. Starting your child's enrollment with Gani simply provides a head start and more exposure to Jewish learning with additional age-appropriate fun projects.
- 2. Mechina (second grade)** - Textbooks, workbooks and learning packets used in the kindergarten and first grade will continue to be used by the student in the second grade, so there is only a minimal cost of about \$10.00 to \$12.00 for additional material.
- 3. Aleph (third grade)** - In this grade, additional textbooks, workbooks and learning packets will be used along with the ones already in use. These additional ones will cost approximately \$340.00. The material covered in several of these additional textbooks and packets will continue to be used into the fourth grade as well.
- 4. Bet (fourth grade) and Gimmel 1 (fifth grade)** - Starting with the fourth grade and continuing into the fifth grade, additional textbooks and workbooks are added, and will cost approximately \$140.00. There will also be some additional cost for fifth graders midway through the year as further explained below.
- 5. Gimmel 2 (fifth grade) and Dalet (sixth grade)** - Midway through the fifth grade, additional textbooks and workbooks will be used, and such material will continue to be used through the sixth grade. The additional cost at the start of the fifth grade is approximately \$160.00.
- 6. B'nai Mitzvah (seventh grade)** - Additional textbook and workbook for our B'nai Mitzvah candidates will cost approximately \$120.00 beginning the seventh grade.

**\*Families will only be invoiced for the actual cost to the Temple. The approximations of cost only apply for the current school year 2026-2027 and may change in future years due to possible future price adjustments by the publishers. The Temple will gladly pass on to our enrolled students any savings provided by publishers for quantity discounts or any special sale reductions.**
